Formula Racing Organisation was born in early March 2008. The team was formed by friends who were new to the Simulator racing world and who had met in the online racing servers. Two years on, Formula Racing is now one of the most pre-eminent, emerging teams in the world of Sim Racing.

Taking league wins in LFS, rFactor and numerous race wins we are one of the most competitive league racing teams around competing in openwheeled and closed wheel cars in both sprint and endurance racing.

We take league racing seriously, and in 2010 compete in ILMS, Le Mans Endurance series, Classic and Modern Grand Prix leagues at the top of SIM Racing.

If you are interested in joining one of the most focused, dedicated SIM racing teams around, use the contact form and let's talk.

The Formula Racing Team - 2010
